8:30 AM Strategy and goal setting

Summary:

This strategy & goal setting course is perfect for aspiring managers or individuals who already work in leadership positions. It will help individuals develop business strategies, communicate their vision, gain buy in & devise a plan to implement them successfully in an organisation.

Key learning :

- Why a strategy is simply a cunning plan;
- Turning your goals into a plan;
- Breaking it down and making it achievable;
- Translating into actions and gaining buy-in from the team;
- The top ten best tips we have found from reading 100's of articles and attending sessions.

It would suit:

For those that require a strategic approach to their work but lack the planning and goal setting skills to achieve their personal, business or organisational goals. This is particularly useful to project managers, senior leaders or start ups wishing to move forward and be more future thinking.

10:30 AM iChange: leading a team from impact to integration

Summary:

As a leader you are at the forefront of delivering change. By understanding the 'Human Factor' within the framework of Impact to Integration you will become more confident, resilient & able to implement change effectively ensuring high levels of engagement and a speedy integration

Key learning :

- The iChange Model from impact to integration;
- Managing yourself through change, building your resilience;
- Understanding SCARF and the Human Factor;
- Understanding the pace of adoption and how you can influence it;
- The top ten best tips we have found from reading 100's of articles and attending sessions.

It would suit:

For leaders at all levels that need to manage and positively influence any change or project, manage themselves and navigate towards the new landscape.
